GP24

The GP24 service provides you with unlimited 24/7 access to a practising UK-based GP from wherever you are in the world. Consultations are available 24/7 by phone or from 8am–10pm, seven days a week for video consultations. Includes cohabitating family.

Our experienced GPs are able to provide diagnosis, advice, reassurance or a second opinion. Should the GP feel you would benefit from prescription medication, they can arrange and electronically authorise private prescriptions. You can choose to have the medication delivered to you at any UK address, with same-day or next-day delivery options, or you can collect your prescription from most pharmacies. Please note, while there is no charge to issue prescriptions, these are private prescriptions, so medication is subject to a charge. If you choose to have your medication delivered, you will also need to pay for postage and packaging. Where appropriate, the GPs can also issue Open Private Referral* letters and private fit notes. Please note that some employers may not accept private fit notes. Each consultation is secure and confidential, and there is no limit to the number of consultations, so you can book a separate appointment for each issue you wish to discuss.
